The meeting was called to order by Mr. Hare at 2:32 PM.

1. A motion by Mr. Lokshin to approve the Minutes of the September 7 meeting of the Board of Directors in the form previously distributed was seconded and passed without dissent.

2. Mr. Hare submitted a written report, which was entered into the Minutes:

   Over 10,000 pictures were uploaded as part of Wiki Loves Monuments this past October. Thank you to all of our uploaders!

   This past month we held a meetup, a WikiSalon, and the Wikipedia Takes Baltimore and Richmond events. They were small events in size but helped increase Wikipedia’s photographic coverage of American historic sites. We also participated in a presentation about Wikipedia at the meeting of the Economic History Association; the presentation was well received.

   Coming up we have a WikiSalon and dinner on Sunday, October 13; an evening meetup on Wednesday, October 23; and the Smithsonian Libraries Edit-a-Thon on Friday, October 25. The Laurel History edit-a-thon scheduled for October 12 has been postponed.

   Planning for the annual meeting on Saturday, November 9 is underway. We should begin promoting the meeting as soon as a venue is booked. I am looking into hosting the meeting at the downtown National Archives, in a room that is currently a reference library but will be converted into a collaborative space. Planning for that should begin as soon as the lapse in
appropriations for the National Archives is rectified.

* Mr. Bashour joined the meeting *

3. Mr. Lokshin submitted a written report, which was entered into the Minutes:

   As of October 5, Wikimedia DC has 61 members in good standing; this represents an increase by 3 new members since our last meeting.

   We have signed a memorandum of understanding with Wikimedia New York City in connection with the WikiConference USA 2014 event. A copy of this memorandum will accompany this report in the minutes.

4. Mr. Meyer submitted a written report, which was entered into the Minutes:

   As of the beginning of our chapter's new fiscal year, Oct 1, 2013, Wikimedia DC has $5435.50 in liquid net assets, mostly in bank accounts, plus $1539.11 in fixed equipment assets.

   At the end of the fiscal year we applied a standard asset depreciation on the value of our fixed assets -- 20% of their original value.

   I've submitted the basic numbers for our annual financial report to our board's Audit Committee and shall respond to develop a more complete public report. I anticipate the Audit Committee will report to the Board; if not, I'll report to you on further developments.

   We had a net loss for the fiscal year, because we began the year with leftover grant money and gradually spent it, appropriately.

   Our main anticipated new revenues would or will come from new grants from the WMF. If we make progress on our tax-deductibility situation, we would reduce costs.

5. Mr. Hare submitted a written report on behalf of the Election Committee, which was entered into the Minutes:

   The nomination period for election to the Board of Directors closed at midnight on October 1, 2013. The candidates for the Board of Directors are John Gallagher, Kirill Lokshin, and Emily Temple-Wood. There being three candidates for four open seats, the Board of Directors will need to appoint a fourth director following the conclusion of the election.

   Article III, Paragraph 2 of the Election Policy as amended establishes the composition of the Election Committee as "all Directors of Wikimedia
District of Columbia who shall not themselves be Candidates." As such, the members of the Election Committee are Kristin Anderson, Nicholas Bashour, Katie Filbert, James Hare, Peter Meyer, and Kathryn Tinker.

The Secretary of Wikimedia District of Columbia reported to the Election Committee on October 1 that 61 ballots have been distributed to the members, providing a sample ballot, sample cover letter accompanying the ballot, and a manifest of members provided ballots. Members are instructed to complete and return ballots through the provided instructions by close-of-business October 22.

6. Ms. Filbert submitted a written report on behalf of the Technology Committee, which was entered into the Minutes:

wikilovesmonuments.us survived in September! mono, James and whoever else involved did a nice job making the site look nice and the caching worked fine.

I understand that the site was out at least once, though. For such high profile things in the future, it would be good to have better monitoring to be more quickly aware of such things.

7. Mr. McDevitt-Parks reported that he had started working in his new role at the National Archives, noting that his position was now in Digital Public Access rather than Social Media. He further reported that his eventual goal was to upload the National Archives’ existing digital holdings to Wikimedia Commons and to integrate Commons into the digitization workflow.

8. The proposed Travel Policy was discussed and amended. A motion by Mr. Lokshin to adopt the policy as amended was seconded and passed without dissent, and the policy was entered into the Minutes:
